

A black and white photograph of a desk. In the top left corner, a portion of a computer keyboard is visible, showing keys like 'Del', 'Pg Dn', 'Enter', and some arrow keys. The rest of the desk is covered with several architectural sketches of buildings, drawn with light, sketchy lines. A pen lies diagonally across the bottom right of the sketches. The overall composition suggests a design or architectural workspace.

A ROOM IN THE GARDEN
set yourself apart

A Room in the Garden was born from the desire to create
unique, personal and luxurious spaces.

We build and install high-quality, bespoke garden buildings,
designed with the customer at their very core. Fully insulated,
beautifully finished and utterly practical, they offer a great
all-year-round space.

In this catalogue you can see some of our projects we have done
recently and an example of costs associated with them.

We hope this will make your decision of engaging us for your
project a little bit easier.

A ROOM IN THE GARDEN
set yourself apart

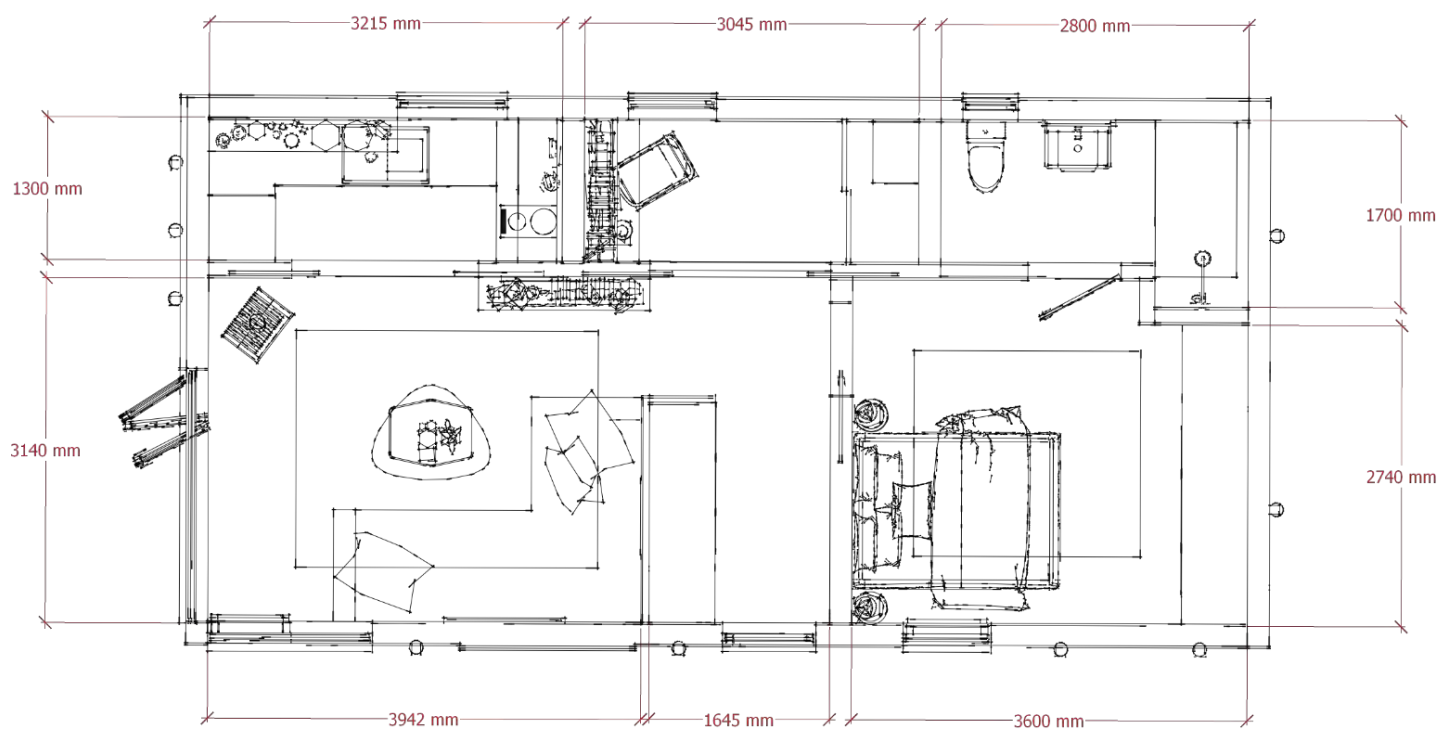

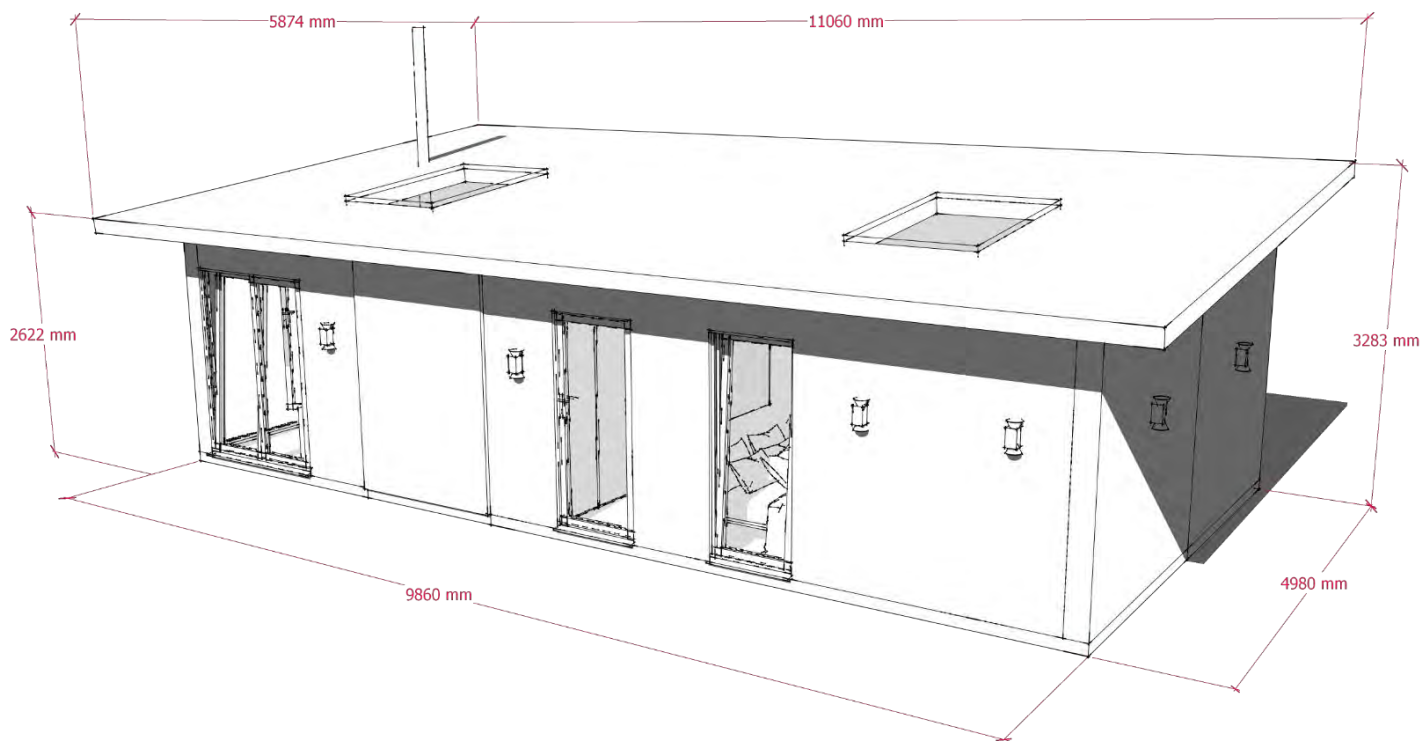

A ROOM IN THE GARDEN
set yourself apart

Project name: 231262 Fiona
Project type: Mobile home

Location: BN8 6DT
